Lasers effectively treat small unsightly leg veins

Unsightly leg veins are a common but often ignored problem, especially in women. This can be called chronic venous insufficiency, and the signs and symptoms may range from mild leg heaviness or aching, dilated or unsightly veins, or troublesome swelling or edema to infections or ulcerations.

In the United States nearly half of the adult population suffers from spider veins, small blue or red vessels within the skin, or varicose veins, dilated and ropy blue vessels under the skin. The incidence of venous insufficiencies increase with age, obesity, a history of blood clots and serious leg trauma and other risk factors including a family history of venous disease, prolonged standing and childbirth. Chronic venous insufficiency may be twice as common in women.

Lasers have revolutionized the treatment of vein disease because of the laser's unique ability to selectively target blood vessels without affecting the surrounding tissue.

How does it work?

- When the laser is pulsed, the light energy passes through the skin causing minimal disturbance
- The light energy is absorbed by the blood vessel and it coagulates
- Once coagulated, the vessel is reabsorbed by the body and the blood flow is redirected

At Cosmetic Solutions, we use the Cutera CoolGlide laser, which helps soothe the skin before and after the laser energy is delivered. To learn more about the Science of Beauty behind laser vein therapy, stop by our [seminar](#) Jan. 13 or just [contact us](#) today.

Upcoming Events

Veins and Rosacea Seminar - Jan. 13, 6-9 p.m.

If you're looking to make unsightly facial and leg veins a sight of the past, then stop by Cosmetic Solutions' Veins and Rosacea seminar to learn more about laser vein therapy. Receive \$50 off a single vein treatment, or \$100 off a package of three.

Obagi Event - Feb. 3, 6 p.m.

The New Year is a time for new beginnings. Why not try a new skin care regime in 2009? Cosmetic Solution's Obagi skin care products are prescription-based skin care products that will treat sun damaged, pigmented and aging skin and leave your skin looking healthy and young.

Stop by Cosmetic Solutions on Feb. 3 and receive 20% off all Obagi products. Attend our 6 p.m. seminar to learn more about Obagi and receive additional savings of up to 30%. Door prizes include a paraffin facial, Obagi products and two \$50 Cosmetic Solutions gift cards.

[Contact us](#) today to reserve your spot for both seminars.

Haley Peterson, Licensed Medical Esthetician

1 ½ years with Cosmetic Solutions

"My favorite product is the [Obagi CRX System](#). I've been using this system for a year and my skin has never looked better! It has evened out my skin tone and given me an all over glow year round."

Rediscover youthful skin with wrinkle fillers

Cosmetic Solutions' wrinkle fillers can help you turn back time and rediscover the skin of your youth.

[Radiesse](#)® wrinkle filler consists of very small, smooth calcium hydroxylapatite (CaHA) microspheres. The filler stimulates your body to produce your own collagen to restore fullness and smooth out the signs of aging. The result is a natural, youthful look that lasts.

[Contact us](#) today to learn more about Radiesse® and other wrinkle removers. You'll look and feel more beautiful!

Specials: Buy one syringe of Radiesse wrinkle filler and get the second one free.
