"One of my favorite products is the Clarisonic Skin Care Brush. The Clarisonic Brush is a battery-powered brush that uses sonic waves to clean skin.

It gives you twice the smoothing and skin-clearing results that you'd see with manual facial cleaning. The brush oscillates ten degrees clockwise and then counterclockwise, which helps to dislodge the oil and dirt that clog pores. Your skin will also be noticeable more receptive to professional procedures and skin products.

This brush is designed for all skin types. So ladies, what are you waiting for? Let's start looking young, vibrant and healthy."
